### PROFESSIONAL SUMMARY

I'm Nil, a certified UX/UI Designer with a keen eye for **aesthetics** and structure, influenced by a deep background in the **arts**. Growing up in an **artistic environment**, I developed a strong sense of composition and **visual storytelling**, which I now apply to crafting **intuitive** and visually compelling digital experiences that enhance user engagement.

### SELECTED WORKS

**Spotify Classique** – Web-responsive Spotify designed for classical music enthusiasts.

**DreamSaver** – Web-responsive fintech app for controlling expenses, saving for big goals, and accessing global market insights.

**Carbon Rebalance – Logo & Brand Identity** – Designed a logo symbolizing the transition from pollution to a cleaner environment. Two overlapping circles represent atmospheric states, with a green leaf at the center, highlighting Carbon Rebalance's role in sustainability.

**Concert Posters Collection** – A collection of concert posters designed for various artists and events. Each design blends visual aesthetics with the musical atmosphere, using composition, typography, and colors to convey the identity of each recital.
